Double Master's degree in Advocacy and Criminal Justice System

PRESENTATION

The double master's degree in Law and the Criminal Justice System has as its objectives, on the one hand, to instruct graduates in Law (LLB) who want to practice as a lawyer through the acquisition of the essential contents in order to pass the aptitude test to obtain the title of lawyer. On the other hand, the second objective of the master degree is to obtain a specialization in the criminal field through the only master's degree in the Spanish geographic framework in which the criminal phenomenon is deeply studied in both legal and empirical disciplines. The teaching staff is made up by university lecturers/professors from various universities, lawyers, as well as professionals from the courts, the prosecutor's office, notaries or medical examiners.
